KAUFMAN VS. JOHNSON. Californian Signs to Tackle the Champion 45 Rounds or to a Finish.

New York, June 1.—Formal articles of agreement for a fight in which al Kaufman of California will endeavor to wrest the world's championship honors from Jack Johnson were drawn up and signed here today. The time and place of the bout remain yet to be decided upon, but it will be held preferably in September, 1909.

Johnson agrees to box Kaufman forty-five rounds or go to a finish in Nevada or anywhere else where a finish contest is allowed. He specifies and insists, however, that if the fight takes place in California he will not box more than twenty rounds. They are

countenanced by the Manufacturers' Contest association, which does not approve speed contests in violation of the law. The American Automobile association, however, took the ground that, as an international contest, it which closed the inning when he tagged Bowers out.

should be sanctioned.

The rules were amended to provide a schedule within the law as far as St. Louis, and thence across the plains and over the Rockies the race to be a go as you please one. The Manufacturers' Contest association refused to the last to be placated.

Tonight the racers expect to make Poughkeepsia. Succeeding stops as scheduled are Syracuse, Buffalo, Toledo, Chicago and St. Louis.

Poughkeepsie, N. Y., June 1.—The five motor cars in their ocean to ocean contest from New York city to Seattle arrived here a few minutes after 7 o'clock tonight. The trip was without incident. The cars will leave tomotrow morning for Syracuse.

Norwich Union Fire Insurance Society, PROFIT TAKING SALES ON VERY HEAVY SCALE. Bourse Gives Spurt to Speculation. 1909 American 1909 Archison Son De Company Scheme to List U. S. Steel on Paris

New York, June 1.-A fillip wa given to the speculation by the report-ed action being taken towards listing the United States Steel securities of the Paris bourse. The seemingly end-less supplies of capital accumulation in France which seek profitable em-ployment direct the longing gaze of al reporters and security designs to the promoters and security dealers to the inviting field. But French capital is as conservative as it is abundant an it is only the favored few of foreign enterprises that have ever secured foothold in the investment favor of the masses in France, who control vast ag gregates of capital in small holdings The formation of a syndicate to intro duce the United States Steel securities to the Paris bourse under such capa ble auspices as those reported to the Associated Press represents a more se rious effort than any hitherto made to overcome the many difficulties and in tricacles of the bourse regulations and the French laws applying to foreign securities in that market. The pros-pect of United States Steel being lister pect of United States Steel being listed on the Paris bourse appealed to the speculative imagination. The price of that stock rose to 65 5-8 within a short time after trading began, compared with a previous record price of 64 2-8 at which it left off on Friday after a three-point rise on that day. The price touched in London earlier in the day represented a New York parity of about 67. This rate of advance might be supposed to invite some effective. June Brides

It is hard to state the departure of the head of that system for Europe by a rise of that system for Europe by a rise of that system for Europe by a rise of the strength of the stock was not impaired by the showing of a decrease of net earnings for April compared with last year, the growth in operating cost having exceeded the increase in gross earnings. The growing ratio of increase in gross earnings. ratio of increase in operating expense of railroads shown in each successive of railroads shown in each successive month is quite logically due to the progressive decrease in that item which was going on last year, and the railroad companies gained control of the situation offered by the industrial and commercial depression and cut their outlay to correspond. There were other outlay to correspond. There were other marked advances in company with United States Steel and Union Pacine, but the upward movement did not become uniform at any stage and suffered decided restraint in the duliness of the later trading. The stress laid by Mr. Harriman on the crop results to insure the expected degree of trade revival directed added attention to the strength of the wheat market and to some further unfavorable crop news from the southwest. A late recovery to the best price in United States Steel left the general market irregular in left the general market irregular in tone. The June payments made no impression on the tone of the money market. Bonds were firm. Total sales, par value, \$5,020,000. United States fours coupon declined 1-2 per cent. on call
